ORDER :-

In the reference read above, the Chief Engineer (R&B) SH & MD, APRDC, AP, Vijayawada has stated that the Widening & Strengthening of Velugodu –Gadivemula – Kalva – Veldurthy – Krishnagiri – P. Kotakonda –Eduladevarabanda road from Km 70/4 to 79/0 in Kurnool district is an important State Highway which connects number of Mandal headquarters and NH-40 and NH-44. The stretch from Km 70/4 to 79/0 between Ramallakota and Veldurthy is single lane road. The road was laid long back during British period. There are number of dips and narrow culverts. This stretch is rich in iron ore, limestone and Bethamcherla slabs. Number of heavy vehicles ply on this road to carry raw materials to nearby Panyam cement factory and stone polishing units in Bethamcherla. Due to this, the intensity of traffic is high on this stretch. The vehicular traffic is experiencing lot of inconvenience while crossing and overtaking. Frequently accidents are occurring. Hence he has requested to sanction the above work for an amount of Rs.12.00 crores under Corenet capital scheme.

2) He has further stated that the road Kalva – Bethamcherla –Banaganapalli road from Km 0/0 to 26/0 of in Kurnool district is an important State Highway which connects National Highway Chittoor Kurnool road at one end and another most important MDR Peapully-Banaganapally- Gajulapally road at another end. Bethamcherla town is located between km 12/6 to 18/8. All the factories products are having a wide market. For getting the raw materials to the factories and for marketing their products thousand nos of Lorries are plying on this road. Hence the traffic intensity is high. Due to recent incessant monsoon heavy rains and because of the heavy loads, the road is badly damaged developing pot holes and sunken portions which are causing much inconvenience to the road users. Hence periodic maintenance to this road is very much essential for free flow of traffic. Hence he has requested to sanction the said work for Rs 9.50 Crores under Corenet Revenue head for the year 2019-20, over and above FRBM limits, as a special case.
